

Information about supplementary doctoral scholarships at the University of Szeged

The University of Szeged invites applications for University Doctoral Excellence Scholarships for the whole academic year of 2024/2025 academic year under the following conditions.

All Hungarian state scholarship holding students with an active status are entitled to an **additional monthly scholarship of HUF 40,000.**

Depending on their scientific and academic results, Hungarian and foreign nationals having a state scholarship (including Stipendium Hungaricum scholarships) can apply for an **Excellence+ scholarship of HUF 60,000 or HUF 90,000** if they do not have an EKÖP scholarship.

Applications must be submitted through the MODULO system.

There is only one single application form in the MODULO system, this is to be used for each of the three scholarships.

All active students are entitled to the HUF 40,000 scholarship, but the MODULO form must be submitted for this as well!

However, if you also want to apply for the HUF 60,000 or HUF 90,000 scholarship, this must be marked separately on the form in MODULO and the relevant documents must be uploaded through the form.

Application submission and evaluation process:

1. Submission period: **September 16 – till noon October 8, 2024. (The submission deadline will not be prolonged!)**
2. Doctoral schools will **evaluate applications by October 28, 2024.**
3. The ranking will be voted on by the University Doctoral Council on its extraordinary meeting on **October 31, 2024.**
4. The Student Services Office will pay the scholarship(s) to the students who won the scholarship on **November 10, 2024** - retroactively to September.

Unlike last year, this application is not for one semester, but for the entire academic year!

The active student status will be reviewed in the spring semester of the academic year, since the scholarships might be provided only to those students, who have an active student status in the spring semester, too.

The evaluation of the applications will be based on the scoring system of the Excellence Doctoral Scholarships. See the scoring system in the appendix.

Szeged, September 11, 2024

Proposal for a scoring system for Excellence Doctoral Scholarships for the Doctoral School of Education (DSE)

In the point system, a total of 100 points can be achieved; the excellent professional and academic performance can be evaluated with a maximum of 90 points, while the educational performance (performance as an instructor) can be evaluated with a maximum of 10 points.

(1) Points that can be obtained through excellent professional/scientific performance (90% of the total the points attainable, i.e., 90 points maximum)

A. For students who have not yet taken the complex exam:

- OTDK (National Scientific Students' Association Conference) participation / awards: max. 10 points
- International conference abstract/ giving presentations: max. 15 points
- Publications rated at least D1/Q1/Q2/Q3 (DSE is affiliated): max. 55 points
- Citations received for publications: max. 5 points
- Participation in an awarded research grant: max. 5 points.

b. For students who have already completed the complex exam:

- Publications rated at least D1/Q1/Q2 (DSE is affiliated): max. 80 points
- International conference abstract/ giving presentations: the DSE does not take this into account at this level, students do not need to mark it
- Citations received for publications: max. 5 points
- Participation in an awarded research grant: max. 5 points.

(2) Educational activity (10% of the total points attainable): max. 10 point.

2024. 09. 11.

Prof. Dr. Gyöngyvér Molnár
Doctoral School of Education
